### **Chester Memorial Trophy – Most congenial Horse – Ollie Chase**

Dreamin' Tonight.

She was consistent throughout the show season and the trophies on the table show this. She showed bravery and consistency in every role asked of her. Dreamin' Tonight carried a new rider, through the GLAD Hearts Games Course. She also delivered a strong run with Bri, showing her speed and accuracy. Dreamin' Tonight served again as a dependable mascot for RTR. Every post Bri made showed her being agreeable to model t-shirts, a casual Gnome and anything else Bri wanted.

### **David & Frances Glidden Memorial Trophy (Most Improved Rider) – The Glidden Family – Joseph Besco**

We've all watched this rider grow up. He started as a lead-liner, learning how to walk and trot and do trail patterns under watchful eyes. Eventually he was unleashed and allowed to participate in the beginner division. It was fun to watch the improvement in their skill as he competed. In 2025 he was required to move up to the open division. Joseph had varying success in ribbons but gained the confidence to canter and jump small verticals. During this year Joseph remained positive. Smiling, uncomplaining whether a ribbon was won or not. He was happy to be there with his pony, and accomplished way more than anyone expected. We are looking forward to watching him continue forward with his riding career.

For the next two awards, I need not explain their nominations Those of you who have been around any Rockwood Trail Riders events in 2025 for more than five minutes, you will already know what contributions and efforts they have made. They were at every show, the AGM, Work day, set up and clean up, and the GLAD Hearts 2.0 Games, both working and participating.

“needing no introduction”:
